

Black Knight™ Series

#7050 Black Knight™ M9

The M9 Flashlight is a member of Pelican's Black Knight™ Series, an innovative range of hi-tech rechargeable flashlights for use by professionals. The black body design of the M9 is made of chemical resistant, unbreakable material with a thermo plastic rubber grip. The lens is made of a high temperature material protected by a thermoplastic rubber shroud. The M9 rechargeable is equipped with a lifetime switch, and a state-of-the-art charger. The system includes: M9 rechargeable flashlight, rechargeable battery pack and a smart charger base holder. This flashlight can be carried in holsters and rings adaptable to belts (see Pelican accessories). The M9 is water resistant (not for diving applications) and O-ring sealed. You break it, we replace it... forever.
