Product Details

Product name:	Combination Filter.
Models:	3M 6099 (standard industrial product).
Product type:	Gas filter(s) and combined filter(s).
Technical Specification:	Harmonized European Standard EN 14387:2004 + A1:2008.
EN 14387 classifications:	ABEK2P3 R. (Model is designed for use in a twin filter configuration).

The product assessments were based on BS EN 14387:2004 + A1:2008, the English language version of EN 14387:2004 + A1:2008, respiratory protective devices – gas filter(s) and combined filter(s).

The Multi-type Gas and Particulate Filter (Combination Filter) is designed to protect against specific gas and vapour classifications and particulates. The reusable Filter is designed for use with the 3M 6000/7000 series of Full Face Masks. The Masks have been independently CE Certified.

Packaged variants

In addition to the product referenced on this Certificate, the standard industrial product may also be sold as market specific packaged variants. Such variants will be identified by an alpha suffix added to the model reference and the Technical File will be updated with the appropriate information.

Kits and packouts

The product referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the user information may vary. In such instances the Technical File will be updated with the appropriate information.
